Disaster Restraint System for Furniture, Appliances, Art

Contents of Secure Quick Wood Stud Kit Shown

The Secure Quick Disaster Restraint System is the strongest means of securely fastening furniture, appliances, artwork or computers. All metal, the cable assemblies and fastener system (patent pending) have been tested to 1200 pounds. Secured furniture is far less likely to move about in an earthquake or other natural disaster, and therefore far less likely to cause injury or damage. Additionally, this is the *only* reliable system for metal studs.
